Full automatic Machine

- Crimping any type of cable
- High Accuracy
- High production Speed
- Low rejection
- Compatible for all automotive Harness

- Automotive connectors and crimps

Crimping any type of terminal with Quality

- Two Wheeler Wiring Harness

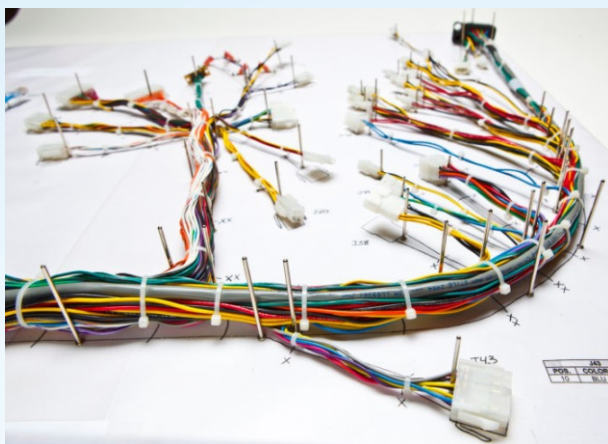

- Signal Encoding Wiring Harness

- Motor Power Harness

- Signal Wiring Harness

- Product combine Harness

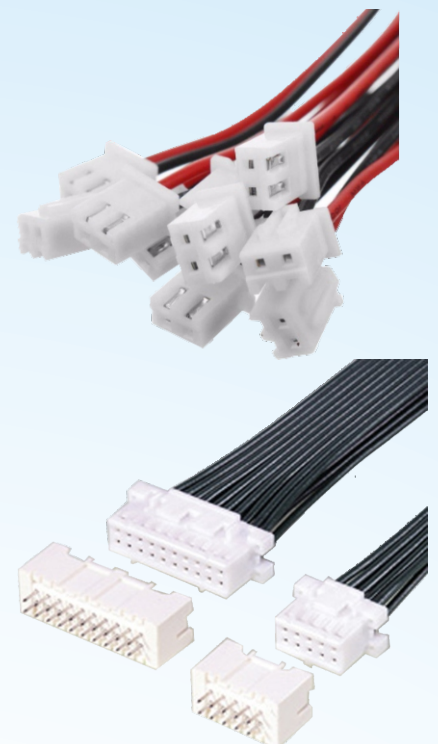

- Motor Encoder Wiring Harness

Semi automatic Machine

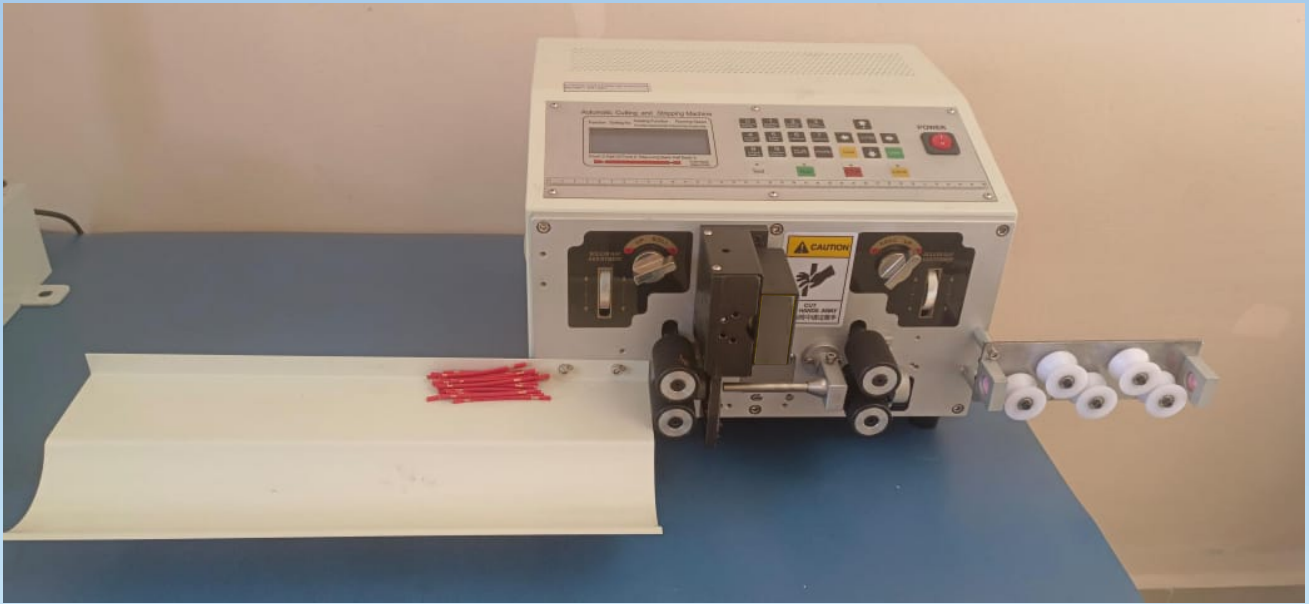

- Crimp any type of cable
- High Accuracy
- High production Speed
- Low rejection
- Compatible for all automotive Harness

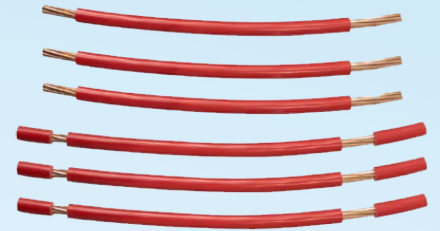

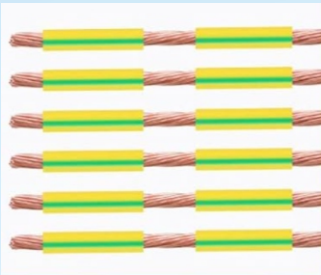

Short Link Harness

JST Wiring Harness

Automatic Wire Cutting and Stripping Machine

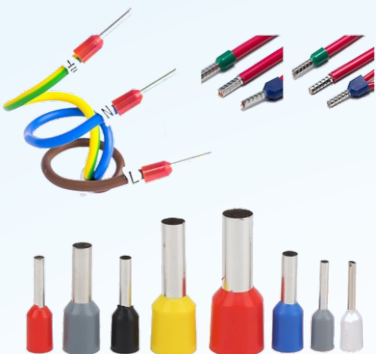

- All types of wires cutting and stripping
- 100% accuracy
- High quality
- Wire cutting up to 10 sq mm

Pneumatic Wire Crimping Machine

- All types of lugs crimping
- 100% accuracy
- High quality

Pull Testing Machine

- Pull test machine up to 50kg
- Machine used for Harness crimp strength test
- High quality testing machine

PVC Tube and Heat Shrink Printer

Rj45 Connector crimping machine

- Automatic Rj45 crimping machine with CAT6, CAT7, CAT8 etc.
- Best in Accuracy
- We can provide customise length as per requirement

Supporting tools

Other support

- PCB Design (Altium, PADS, Eagle)
- Schematic Design
- Website development
- Hardware Documentation
(PCB BOM, Garbar data, Assembly Drawings)
- Harness related documentation
- PCB assembly
